## Anti-Bullying Policy

**What shall we say the kingdom of God is like, it is like a mustard seed, which is the smallest of all seeds on earth. Yet when planted, it grows and becomes the largest of all garden plants, with such big branches that the birds can perch in its shade." Mark 4:30-32**

**Policy Co-ordinator:** Executive Headteacher/Head of School

## Mission Statement

At Ruskington Chestnut Street C of E Primary Academy we are committed to providing a safe learning environment in which the pupils are encouraged to treat each other with respect and kindness in every aspect of their lives. Our School values of Care, Believe, Grow compliment our Church School Values both underpin how we apply our anti-bullying policy and are rooted in the teaching of Jesus Christ.

## Principles and Values

Ruskington Chestnut Street C of E Primary Academy takes the issue of bullying and its impact seriously. Pupils and parents should be assured that all known incidents of bullying will be responded to.

The school will seek ways to counter the effects of bullying that may occur within school or in the local community. The ethos of our school fosters high expectations of behaviour and we will consistently challenge any behaviour that falls below this.

## Objectives of this Policy

- All Academy Committee members, teaching and non-teaching staff, pupils and parents should understand what bullying is.
- All Academy Committee members and teaching and non-teaching staff should know what the school policy is on bullying and follow it when bullying is reported.
- All pupils and parents should know what the school policy is on anti-bullying, and what they should do if bullying arises.

The aim of this policy is to work together to ensure that our school is a safe place for children and adults to be; whether the school community is directly or indirectly affected by bullying or not.

## Implementation

### What is Bullying?

We use the Lincolnshire Children's Services Anti Bullying Strategy which defines bullying as: ***"Behaviour by an individual or group, usually repeated over time, that intentionally hurts another individual or group either physically or emotionally"***.

Bullying can be physical, verbal or psychological. It can happen face-to-face or through cyberspace.

To help the children understand this we use the following:

#### **Bullying can happen:**

- S – Several**
- T – Times**
- O – On**
- P - Purpose**

#### **To reach out we:**

- S – Start**
- T – Telling**
- O – Other**
- P – People**

#### **Who do we tell:**

- S – Staff**
- T – Teachers**
- O – Or**
- P - Parents**

In other words, bullying at Ruskington Chestnut Street C of E Primary Academy is hurtful behaviour that occurs on purpose over and over again, where the person or group displaying the hurtful behaviour targets another person or group.

### **Bullying can be:**

Physical	Pushing, kicking, biting, hitting, punching or any use of violence
Verbal (direct or indirect)	Name-calling, sarcasm, spreading rumours, teasing, use of disablist language, racist remarks
Psychological Indirect	Being unfriendly, excluding, tormenting (e.g. hiding books, threatening gestures) spreading rumours
Cyber bullying	All areas of internet, such as email and internet chat on Social Media forums Threats by text messaging and calls on mobile phones Misuse of associated technology i.e. camera and video facilities, iPad, games consoles

### **Bullying may be related to (but not restricted to):**

- Race
- Gender
- Religion
- Culture
- Special Educational Needs and/or Disability
- Appearance or health condition
- Home circumstances, including young carers and poverty
- Sexual orientation, sexism, sexual bullying, homophobia

Bullying takes place where there is an imbalance of power of one person or persons over another.

This may be achieved by:

- The size of the individual
- The strength of the individual
- Exploiting the vulnerability of an individual
- The numbers or group size involved
- Anonymity – through the use of cyberspace

Staff must remain vigilant about bullying behaviours should there be any concerns staff should apply the Safeguarding policy, do not wait to be told before a concern is raised. Children may not be aware that they are being bullied; because they may be too young or have a level of Special Educational Needs, which could mean that they are unable to realise what others may be doing to them.

## **Signs and Symptoms for Parents and Staff**

A child may indicate by signs or behaviour that he or she is being bullied.

Adults should be aware of these possible signs and that they should investigate if a child:

- Is frightened of walking to or from school
- Changes their usual routine
- Begins to avoid coming to school
- Becomes withdrawn anxious, or lacking in confidence
- Attempts or threatens self harm or absconds
- Cries themselves to sleep at night or has nightmares
- Feels ill in the morning
- Begins to make less effort with school work than previously
- Comes home with clothes torn or books damaged
- Has unexplained cuts or bruises
- Becomes aggressive, disruptive or unreasonable
- Is displaying bullying behaviour towards other children or siblings
- Lack of eye contact
- Becoming short tempered
- Change in attitude to people at home
- Stops eating
- Is frightened to say what's wrong
- Is afraid to use the internet or mobile phone
- Is nervous and jumpy when a cyber message is received

These signs and behaviours could indicate other social, emotional and/or mental health problems, but bullying should be considered a possibility and should be investigated.

### **Why is it important to respond to bullying?**

1. Bullying hurts.
2. Bullying has the potential to damage the physical and mental health of a victim.
3. Everybody has the right to be treated with respect.

Pupils who are displaying bullying behaviour need to learn different ways of behaving.

### **What will Ruskington Chestnut Street C of E Primary do if we suspect bullying or bullying is reported?**

All suspected/reported incidences of bullying will be investigated by either the class teacher, learning mentor or by a senior member of staff.

The investigation may include:

- Talking with the children involved which includes talking to the individual/ group displaying the bullying behaviour, the individual/ group who have been the target of the bullying behaviour and children who have witnessed an incident
- Talking with members of school staff
- Talking with the parents of the children involved
- Searching property for prohibited items

The staff member/s conducting the investigation will make a written record of the information gathered. The information gathered will be considered by a member of the Senior Leadership Team who will decide as to whether the incident/s should be recorded as 'bullying' as defined by the Anti-Bullying Alliance or dealt with following the school Behaviour Policy.

When the incident/s has been determined as bullying an entry will be made in the Bullying Log (CPOMS), which will include a description of the incident/s, the individuals involved and their role in the incident/s, the action taken by the school and sanction imposed. The recorded information will be monitored to ensure repeated bullying does not take place.

If the incident of bullying is related to a protected characteristic it will be recorded on CPOMS using one or more of the nine protected characteristics.

The actions taken by the school following a bullying incident may include:

- Offering support to the individual/ group who have been the target of bullying behaviour
- Educating the individual/ group who have displayed bullying behaviours
- Working in partnership with parents of the children involved in the incident/s
- Sanction for the individual/s who have displayed bullying behaviour in line with the school Behaviour Policy
- If necessary reporting the information to the Police or other relevant outside agencies

The Safeguarding Local Academy Committee Member will be informed once incidents have been recorded in the Anti-Bullying log (CPOMS), the action taken by the school and sanction imposed.

## **What is Ruskington Chestnut Street C of E Primary Academy doing to prevent bullying?**

At Ruskington Chestnut Street C of E Primary Academy we use a variety of ways to support staff, children and their parents to understand what bullying is and to understand the impact it has on others.

The methods used are: whole school and class assemblies; PSHE lessons; the School vision and Church School Values; Anti-Bullying Week; E-Safety awareness; Anti-Bullying awareness training for all staff; Anti-Bullying policy readily available on the school website.

The ethos and working philosophy of Ruskington Chestnut Street C of E Primary Academy means that all staff actively encourage children to have respect for everyone and everything at school.

Staff members reinforce expectations of behaviour through the implementation of the behaviour policy which encourages intrinsic motivation to do the right which acknowledges good, kind, polite behaviours.

Staff members regularly discuss the difference between acceptable and unacceptable behaviour with pupils, which leads to open conversations and encourages children to be confident to discuss bullying issues. By listening to our pupils and acting to resolve issues, our children will be informed that we are serious about dealing with bullying and they will have an increased confidence in reporting any incidents and concerns about other children's behaviour to school staff, their parents or their friends.

Staff follow the Equality Policy; supporting every child in our school. Staff must be careful not to highlight differences of children or an individual child, even if this is done in jest. This gives other children advocacy to use this difference to begin calling names, use disablist language or teasing.

Staff must be vigilant regarding groups of friends together. Friendship groups may bring about the imbalance of power and must be led towards welcoming others to join them and not excluding others from their group.

Staff must reinforce a general message that children do not have to be friends with everyone else, but they must be respectful of everyone else's feelings and be kind to each other.

If a child feels they are being bullied or concerned that another pupil is, they are encouraged to:

- Tell an adult – a member of school staff, a parent or an adult whom they trust
- Discuss the concern during PSHE time or class assembly
- Ring Childline (0800 1111) and follow the advice given

## **Advice to Parents**

As a parent, if you suspect your child is being bullied you will want something to be done by the school straight away. You may even want the 'bully' to be excluded automatically, as you want your child to be safe and feel happy at school. We also want your child to be safe and feel happy at school however we must follow policies and guidance when dealing with the issue of bullying and we need some time to investigate suspected/ reported incidents.

We want to work in partnership with parents and the whole school community to effectively address bullying behaviour, prevent bullying behaviour and support those pupils who have been the target of bullying behaviour.

### **Parents can support their children and the school by:**

- Reporting bullying incidents to the class teacher in the first instance, if this remains unresolved it should then be escalated to a member of the Senior Leadership Team and giving specific information about incidents that have happened.
- Encouraging your child to report bullying incidents to a member of school staff as soon as the incident happens or immediately after.
- Talk openly to your child about what bullying is, the different sorts of bullying and its impact on others and use the STOP bullying acronym above.
- Make it safe for your child to talk to you about bullying – let them know that you are listening to them, take them seriously and that you won't make them feel silly whatever their worries. Praise your child for telling you and reassure them they have done the right thing in letting you know what has happened. Listen to their ideas on what might help them
- Look out for the signs and symptoms (see checklist above) as your child may not tell you they are being bullied
- Remain calm if your child tells you they are being bullied – getting angry and threatening to visit the school, the parent of the child or the child displaying the bullying behaviour may upset your child
- Be a good role-model in the way you talk about and treat others – your child will learn that everybody deserves respect
- Model empathy for others – talk about how other people might feel in different situations: in real-life, TV programmes, books, films and plays
- Support your child to manage their feelings through talking, relaxing, exercising, distracting themselves and work hard to make them feel valued as important as bullying can destroy a child's confidence.

### **Parents must not:**

- Attempt to sort the problem out themselves by speaking to the child whom you think may be behaving inappropriately towards your child or by speaking to their parents.
- Encourage your child to fight back as they may get hurt or into trouble.
